All members confirmed reachable: Yes

Obstacle Log (only majors)

| Obstacle | Severity (H/M/L) | Owner | First Next Step | Needs (if any) |
|----------|------------------|----------|-----------------|----------------|
| Time | M | Everyone | Better time | Communication |

| | | | | |
|------------|--|--|------------|--|
| Management | | | management | |
|------------|--|--|------------|--|

Note: For now we decided that the only blocker we have is managing time as we don't know of any potential blockers until we get into making the game.

Project Name: Wavebreaker

- Alternatives: Invaders Again, Laser Go Brrr
- Rationale: We plan on making a roguelike version of space invaders where the player fights through waves of enemies so we believe "Wavebreaker" is a simple and fitting title.

Action Items

| Task | Owner | Due date (YYYY-MM-DD) | Status |
|------------------------|----------------|--------------------------|-----------|
| Finalize comms channel | Group Decision | 2026/02/28 | Completed |
| Create repo/doc space | Dean Chou | 2026/02/28 | Completed |
| Schedule next meeting | Reza Amraei | 2026/02/28 | Completed |
